2. The project in which these two individuals will be involved concerns the support of efforts being made to collect Sino-Soviet Klee topographic maps and map intelligence. It is a continuation of the project outlined in the Map Library memorandum to your office dated 4 April 1958, in which clearance was requested for [REDACTED] of Army Map Service. [REDACTED] will return to the Army Map Service on or about 6 July 1959, having completed 15 months on detail to CIA.

3. [REDACTED] has an Army TS clearance; [REDACTED] has a Secret clearance. The lack of TS clearance for the latter does not present any serious problems regarding his work. It is not anticipated that lack of access of TS material will offer any detriment to his activities while in the Map Library. Physical security can be easily maintained with him in this office. All TS material will be used and stored in areas other than where he will work.

4. Due to the Army Map Service desire for [REDACTED] immediate return to assume new responsibilities arising from reorganization, a date of 29 June 1959 was chosen to introduce the two new individuals to the project. It is, therefore, requested that action on this memorandum be expedited to whatever extent is possible. Limited badges should be issued for access to the Washington Auditorium for [REDACTED] If this cannot be done by 29 June, it is requested that they be given ad hoc clearance to enter the building and commence work on visitor's passes.
